

JRJ Enterprise's Drug Testing Policy

Employees Subject to Testing

Under JRJ Enterprise's drug and alcohol testing policy, current and prospective employees who work or would work in high-risk or safety-sensitive positions will be asked to submit to drug and alcohol testing. No prospective employee will be asked to submit to testing unless an offer of employment has been made. An offer of [YOUR COMPANY NAME], however, is conditioned on the prospective employee testing negative for drugs and alcohol.

Safeguards

JRJ Enterprise's policy is intended to comply with all state laws governing drug and alcohol testing and is designed to safeguard employee privacy rights to the fullest extent of the law.

Selection

Not all JRJ Enterprise's employees will be asked to submit to drug and alcohol testing. Only those employees who [list criteria such as job titles or duties that will require drug testing] are subject to drug and alcohol testing.

Tested Substances

JRJ Enterprise's drug and alcohol testing program is limited to testing for [list what you'll test for, e.g., blood alcohol, specific drugs and drug types]. Any other substances that may be tested using the same method used to test for controlled substances will not be tested and, if found, will not be reported.

Written Notice

Before being asked to submit to a drug and/or alcohol test, the employee will receive written notice of the request or requirements.

Licensed Laboratories

Any drug and/or alcohol testing required or requested by JRJ Enterprise will be conducted by a laboratory licensed by the state. The employee may obtain the name and location of the laboratory that will analyze the employee's test sample by calling [name of collection lab] [number of hours] hours before the employee is scheduled to be tested.

Notice of Results

If the employee is asked to submit to a drug or alcohol test, JRJ Enterprise's will notify the employee of the results within [specify time limit, e.g., "24 hours" or "one week"] after it receives them from the laboratory. To preserve the confidentiality JRJ Enterprise's strives to maintain, the employee will be notified by [method of notification] whether the test was negative or confirmed positive and, if confirmed positive, what the next step is.

Positive Test Results

If the employee receives notice that the employee's test results were confirmed positive, the employee will be given the opportunity to explain the positive result following the employee's receipt of the test result. In addition, the employee may have the same sample retested at a laboratory of the employee's choice.

Adverse Employment Action

If there is reason to suspect that the employee is working while under the influence of an illegal drug or alcohol, the employee will be suspended [with or without] pay until the results of a drug and alcohol test are made available to JRJ Enterprise's by the testing laboratory. Where drug or alcohol testing is part of a routine physical or random screening, there will be no adverse employment action taken until the test results are in.

Confidentiality

JRJ Enterprise's will make every effort to keep the results of drug and alcohol tests confidential. Only persons with a need to know the results will have access to them. The employee will be asked for the employee's consent before test results are released to anyone else. Be advised, however, that test results may be used in arbitration, administrative hearings and court cases arising as a result of the employee's drug testing. Also, results will be sent to federal agencies as required by federal law. If the employee is to be referred to a treatment facility for evaluation, the employee's test results will also be made available to the employee's counselor. The results of drug testing in the workplace will not be used against the employee in any criminal prosecution.

[YOUR COMPANY NAME]'s Drug Testing Policy

JRJ Enterprise's does not test employees for drug and alcohol abuse. Because the nature of [YOUR COMPANY NAME]'s business is neither high risk nor particularly safety sensitive, JRJ Enterprise's feels that drug and alcohol testing would be too intrusive a procedure for the expected results. Therefore, employees will not be asked to submit to drug and alcohol testing in the workplace setting. However, JRJ Enterprise's strictly prohibits the use of drugs or alcohol in the workplace and will take disciplinary action against any employee found using drugs or alcohol during working hours. In addition, if the employee arrives at work under the influence of drugs or alcohol, the employee will be sent home for the day, without pay. Repeated instances of arriving at work under the influence of drugs or alcohol may result in [describe consequence #%151; e.g., "written warning," "suspension," "termination"].
